

AMENDMENT TO CLAIMS:

Please amend the Claims as follows with additions shown in underline and deletions shown as strikeouts.

1. (CURRENTLY AMENDED) A method for selecting a language in which menus ~~on-screen displays~~ are displayed and audio programs are broadcast on a receiver, comprising the steps of:

 accessing an on-screen display for the receiver; and

 selecting a language by entering a single selection on the on-screen display,

wherein after the selection, the menus ~~on-screen displays~~ are displayed in the selected language and the audio programs are broadcast on the receiver in the selected language.
2. (ORIGINAL) The method of Claim 1, further comprising the step of saving the selection of the language to a memory.
3. (CURRENTLY AMENDED) The method according to Claim 1, wherein ~~the on-screen displays include~~ close captioning is displayed in the selected language.
4. (CURRENTLY AMENDED) The method according to Claim 1, wherein ~~the on-screen displays include~~ teletext is displayed in the selected language.

5. (ORIGINAL) The method according to Claim 1, wherein a remote control device and a microprocessor are used to select the language.

6. (CURRENTLY AMENDED) An apparatus for selecting language in which menus are displayed ~~on-screen displays~~ and audio programs are broadcast on a receiver, comprising:

means for displaying an on-screen display for the receiver; and

means for selecting a language by entering a single selection on the on-screen display, wherein after the selection, the menus ~~on-screen displays~~ are displayed in the selected language and the audio programs are broadcast on the receiver in the selected language.

7. (ORIGINAL) The apparatus according to Claim 6, further comprising means for saving the selection of the language to a memory.

8. (PREVIOUSLY PRESENTED) The apparatus according to Claim 7, wherein the single selection selects the language in which all selectable display and audio features of the receiver are displayed and broadcast even if certain ones of said display and audio features are not selected by a user.

9. (PREVIOUSLY PRESENTED) The apparatus according to Claim 8, wherein the selecting means includes a microcontroller and a remote control device.

10. (CURRENTLY AMENDED) The apparatus according to Claim 8, wherein ~~the on-screen displays include~~ close captioning is displayed in the selected language.

11. (CURRENTLY AMENDED) The apparatus according to Claim 8, wherein ~~the on-screen displays include~~ teletext is displayed in the selected language.
